Living a Christian life can be challenging. The enemy of your soul relentlessly attacks the church to frustrate Christians and sidetrack you from God's plans.

If you ever feel powerless against the devil's daily assaults or weary from spiritual battle—be encouraged—the answer can be found wearing armor of God!

This armor that the Apostle Paul describes in the New Testament is the focus of Pat Robertson's new audio teaching: *Ephesians: Putting on the Armor of God.*In this CD, Pat takes you through the armor of God—piece by piece—detailing how to put this armor on and make it work in your life!

In Ephesians 6:14, Paul mentions "the belt of truth." You may wonder why Paul started with the belt instead of the sword? In Roman times, the belt held together the entire set of armor, including the sheath containing the sword.

The belt of truth is foundational! You must wear the belt of truth that keeps the Word of God (the sword) at your hip for immediate retrieval.

The next piece in God's armor is the *breastplate of righteousness*. In this new teaching, Pat explains what the breastplate symbolizes and how it protects Christians from Satan's condemnation and lies.

God's armor is critical for the body of Christ to "wear" in today's world—perilous and testing times! That is why we are offering the CD *Ephesians: Putting on the Armor of God* to new CBN partners who join today.
